Dear Robert

I saw your font "Blow" and I would like to use it for a mobile Game called "AnimalSplash" i am working on. It is a small game for kids, where they can click on animals and they run faster to a goal.

Hope this is ok for you?

Kind Regards
Patrick

Great, thanks!

I'll will inform you as soon the Game is available. Are you an artist, or why are you doing fonts?

Best Regards
Patrick

I am a dtp specialist, graphic designer and web developer. I did that one for a children's magazine long time ago. I don't do my own fonts often, rather repair free fonts, add missing letters etc.
